## NEW ORLEANS INUNDATED BY TIDAL WAVE

### HURRICANE ADDS TO HAVOC IN SOUTHERN CITY TODAY

One Report Says Entire City is Under  
From 6 In. to 10 Ft. of Water

### WIRES DOWN AND LOSS NOT KNOWN

Illinois Central Officials Get Report That Damage in  
the City Was Small; Wave Struck on Coast  
Hundred Miles Away

Reports received in La Crosse early this morning over private wires said New Orleans was entirely inundated by a great storm and tidal wave, and that the disaster eclipsed that at Galveston. Telegraphic dispatches, while incomplete and fragmentary, however, indicate that the damage was less severe. Property damage and loss of life cannot be estimated owing to the fact that the wires are down into the storm ridden district.

(Scripps-McRae Dispatch.)  
NEW YORK, Sept. 27.—Wall street has a report that New Orleans was struck by a severe hurricane and inundated by a tidal wave last night. Communication is cut off.  
**City Under Water**  
LOUISVILLE, Ky., Sept. 27.—Reports here say New Orleans is under water, varying in depth from six inches to ten feet.  
**Hurricane and Water**  
ATLANTA, Ga., Sept. 27.—Western Union wires are down to New Orleans, but the last messages sent said a hurricane was blowing up the Mississippi valley and that New Orleans is inundated.  
**Damage Unknown**  
WASHINGTON, D. C., Sept. 27.—The weather bureau reports a tropical storm that reached Louisiana and Mississippi coasts, where it became central this morning and the storm struck with great severity.  
A wind forty-eight miles an hour was blowing at New Orleans before the wires went down.  
There has been no communication between New Orleans and other southern cities since midnight, except for a few moments when Mobile reported it caught New Orleans for a moment and learned the wind was raging, rain fall in torrents and the barometer was dropping rapidly.  
There is no report yet assuring loss of life or property.  
**Damage Reported Small**  
CHICAGO, Ill., Sept. 27.—Illinois Central reports getting a wire to New Orleans and learned there was a tidal wave along the coast a hundred miles from New Orleans and a slight rise in Lake Ponchartrain.  
There was little or no damage in the city and none to property.

### MUST KEEP RUBBER MILLS IN CITY

### Committee Makes Report Today Urging Necessity of Action by Citizens

Investigation of the La Crosse Rubber Mills company plant and the causes leading to its threatened removal from the city with a remedy was made by the Board of Trade committee, consisting of M. F. Quay and W. B. Tscharnier this morning. The entire morning was consumed in the investigation.  
"Help must be obtained or the firm will have to draw out of La Crosse," said Mr. Quay. "The company has taken to the manufacturing of rubbers which necessitates more help as there is business enough in orders ahead to increase the facilities."  
"Manager Andrus told the committee that the payroll would be \$250,000 each year if facilities for securing help were secured. The distance to the South side via the marsh, which might be crossed with a causeway, is about one mile, while the present distance by street car and afoot is two and a half miles. The causeway will solve the labor problem."  
"The committee found 250 employed at the factory. Of these many were men and we received the assurance of Manager Andrus that more men than girls would be employed if it were possible to obtain them."  
"The committee is unanimous in the decision that an effort ought to be made to retain the factory in La Crosse. In the cry for more factories, the committee thinks it advisable to retain the ones here now and also to secure more without sacrifice of present institutions."  
Manager Andrus exhibited correspondence showing that he has offers from several places to locate.

The Woodmen dance at Woodman hall last night was well attended, music being furnished by Kreutz's orchestra.

### CUBANS MAY RISE AGAINST AMERICA

Taft Authorized to Land  
Fighters and Become  
Gov. When Advisable

(Scripps-McRae Dispatch.)  
HAVANA, Sept. 27.—It is reported here today that Roosevelt cabled to Taft to land fighting men and to assume control of Cuba with the title of governor as soon as he deemed it necessary.  
It was proposed that Taft and Bacon will assume joint control, but it has been decided for Taft to rule alone on account of the possibility of complications if there are two heads.  
Taft will control until the new elections are held, if the government is taken over.

**Uprising Against America**  
The Daily Telegraph says there are rumors that the administration party is preparing an uprising against the Americans because of discontent at the course pursued by the peace commissioners.

If the uprising materializes it is said it will commence in the provinces of Matanzas and Camaguri where the government forces will take to the woods in a few days.

Gen. Funston arrived this morning.  
**Marines Arriving**  
NORFOLK, Va., Sept. 27.—Detachments of marines are arriving and taking quarters on the battleship Texas which will be ready to sail for Cuba Sunday.

**Troops Ordered**  
WASHINGTON, D. C., Sept. 27.—Orders have been issued commanding officers in the organizations hereinafter designated to hold themselves in readiness to move without delay upon notification of the result of the Cuban troubles. Transportation by rail and water has been arranged, making concentration at ports unnecessary.  
First expedition—Engineers, battalion of companies E, E, G and H, Washington barracks; eight troops of the First cavalry, Fort Clark, Tex.; four troops of Fort Sam Houston, Tex.; twelve troops of the Twelfth cavalry, Fort Oglethorpe, Ga.; twelve troops of the Fifteenth cavalry, Fort Allen, Va. A total of thirty-six troops with horse, making about 2,100 effective.  
Field artillery—Third and Fourth batteries, Fort Myer, Va.; Fourteenth and Twenty-first batteries, Fort Sheridan, Ill.; Fifteenth and Sixth batteries, Fort Sam Houston, Tex.; Twenty-third and Twenty-seventh batteries, Fort Allen. A total of thirty-two field pieces, three inch rapid firing.  
Infantry—Eight companies of the Fourth, Fort Thomas, Ky.; twelve companies of the Fifth, Plattsburg barracks; eight companies of the Seventh, Fort Wayne, Mich.; four companies of the Seventh, Fort Brady, Mich.; twelve companies of the Seventeenth, Fort McPherson, Ga.; four companies of the Twenty-third New York entrie, Twenty-sixth and Twenty-seventh complete, making a total, including blue jackets and marines of 12,000 effective.

### RIVALS AT THE FAIR

### MORSE SCHOOL IS BEING LOOKED UP

Postoffice Authorities are  
Called Upon; Convicted  
in the South

The status of the Morse School of Telegraphy, against which charges of misrepresentation have been made by the Misses Lenz, who came here from Kansas upon promises of its management, is to be determined by the post-office authorities to whom complaint has been made.

A short time ago complaint against the methods of the school was placed in the hands of Postmaster W. B. Tscharnier, but as an investigation of this sort is handled by the secret service department, any investigation will be made through the office of Postoffice Inspector Fraser.

Upon further investigation into the affairs of the "Morse Telegraph School" it develops that similar schools are operated in various parts of the country by a man making his headquarters in Cincinnati. At Shelbyville, Ky., some time ago, he was tried in the federal court on a charge of misuse of the mails, pleaded guilty and was fined \$500, according to local people acquainted with the case. At Oshkosh the same concern got into disrepute by alleged misrepresentation to prospective students.

It is stated in authoritative sources that scores of prospective students from various parts of the northwest have come to La Crosse under promises similar to those said to have been made to the Misses Lenz, and disgusted at the treatment received went to local telegraph offices with complaints, thinking perhaps there was some connection between the school and the telegraph companies.

It is not known whether the federal investigation of the school has been completed as yet, but no action has been taken against the institution if it has.

**Alleged Graft Widespread**  
The Commercial Telegraphers' Journal, a publication devoted to the interest of telegraphy, has made repeated attacks upon the "Morse schools" of which the La Crosse institution is one, and in its issue of March, 1906, says in part:

"We have already shown that this Morse School of Telegraphy in the Grand Opera House building at Cincinnati, O., is one of the worst frauds

### MURDER SUSPECT TAKEN ON TRAIN

Man Supposed to be Henry  
Sussman is Captured  
at Rhinelander.

(Scripps-McRae Dispatch.)  
ST. PAUL, Minn., Sept. 27.—John Beyr was taken from a train at Rhinelander, Wis., on suspicion of being Henry Sussman, wanted in Minneapolis on a charge of killing his wife in a hotel yesterday.  
He refuses to discuss his arrest.

Sussman's trial on a charge of forgery was booked to come up in La Crosse today, but was laid over owing to the failure of the defendant to put in an appearance. The police here had been warned to be on the lookout for Sussman.

### TSCHARNER GOES TO NAT'L. MEET

Postmaster W. B. Tscharnier left today for St. Louis where he will attend the national postmaster's convention. Only postmasters of offices of the first class are privileged to attend the meeting.

By virtue of an appointment by President Roosevelt, Mr. Tscharnier is a member of the committee to choose subjects for discussion during the sessions of the convention. He received the appointment some time ago and assisted in select a varied list of topics bearing on postal affairs for discussion.

"The convention will be held in St. Louis Oct. 3, 4 and 5," said Mr. Tscharnier this morning. "The committee expect that all the high government postal officials with others will be in attendance, lending a national air to the convention."

St. Louis is the home of Mrs. Tscharnier, her father, Col. Overstreet, residing in the down river city.

### Free Exhibition

Senor Arnoldo's trained, wild animal show will be given as a free attraction in front of the grandstand tomorrow afternoon. Do not fail to use this opportunity of seeing one of the best exhibitions ever given on the fair grounds.

### CHAIRMAN CONNOR, SMILING, SEES THE FAIR TODAY

### SHEA-O'SHEA CASE IN COURT TODAY

Sue City for Sewer Contract---Great Northern  
Railway Fined

Suit of Shay & O'Shea, general contractors, against the city of La Crosse to recover \$8,791.04 on a North side sewer contract was started in United States circuit court this morning. A jury was secured and the taking of testimony begun.

The contractors are suing the city for withholding a large sum of money as penalty for the North side sewer job. The city has a counter claim against the contractors for alleged imperfections in the pipe.

John Vollmar, former member of the board of public works, City Engineer Walter S. Woods, then assistant; James Hill, assistant engineer, and Arthur Roberge, member of the board of public works, in charge of the sewer department, were on the stand this morning Frank O'Shea, member of the firm of contractors, also took the stand.

**Testimony Is Technical**  
The testimony of the city officials and employees related chiefly to the specifications in the contract and the method of procedure in doing the work. The examination and cross examination was technical in nature.

Mr. O'Shea told of securing the contract on April 20 from the board of public works. His bondsmen signed the contract May 12 and work was started four days later. The use of the sewer digging machine was described. City Attorney Mahoney, assisted by G. M. Woodward, attempted to bring out the fact that the use of the sewer digger was responsible for the defects in the pipe later. Higbee & Bunge represent the defendant contractors.

**Jury Is Secured**  
Mr. O'Shea was on the stand when court adjourned at 1 o'clock until 2 o'clock. The session will close at 4 o'clock this afternoon, being resumed tomorrow morning at 9 o'clock. The balance of the jury was excused until this time.

The jury secured to hear the sewer case is: Daniel Froiland, S. L. Bowlby, John Weibel, Archie Wood, George Wheeler, Evan Jenkins, W. B. Cassells, C. D. Kreps, Emil Zodtner, Aaron Glass, A. A. Morkie, Charles Caleson.

**Other Cases Settled**  
The suit of the United States versus Teasdale et. al., was finished this morning, the jury bringing in a verdict for the government. The sum of \$1,012.17 was allowed on the action on contract.

**Great Northern Fined**  
The Great Northern Railway company paid a fine of \$300 for violating the law on relating to equipping all cars with patent safety air brakes. The jury brought in a verdict of guilty and the judgment was made.

**Harris Fined**  
Robert Harris, charged with refusal to complete a government mail carrying contract, entered court and pleaded guilty to the charge. Judge Sanborn imposed a penalty of \$25 which was paid.

Visit The Tribune's booth in the west wing of the exposition building at the fair and sit down and rest. See premiums given with subscription to The Tribune.

Governor James O. Davidson will arrive tomorrow if possible and lend his attendance to the closing day. The visit of the governor is for the same purpose as that of the candidate for lieutenant governor.

C. S. Van Auken, secretary of the fair association, received a telegram Wednesday afternoon informing him that the governor and lieutenant governor would be here. The telegram said that Mr. Connor would be here today. The much wanted guest was slow in arriving being delayed by train.

Mr. Connor was accompanied by his daughter on the trip here. The party was received by T. H. Spence, president of the Interstate Fair association, and George H. Ray. Dinner was taken at the Hotel Stoddard.

**"A Nice Convention"**  
"I am just taking a trip about the state, going to Milwaukee from La Crosse, but when I do not know," said Mr. Connor. "I just came from Madison where we had a nice convention. Everyone has read reports of it so there is little to say."

"I do not know whether Governor Davidson will be here tomorrow or

## WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him? It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## "LION AND MOUSE" TONIGHT

If you are fond of a good love story—the kind in which true-hearted, clean spirited young people play the principal roles—if you enjoy a battle royal between two mighty forces—the indomitable will of man and the clever wits of a bright young woman go to see "The Lion and the Mouse" which Henry B. Harris will present at the La Crosse theater tonight.

If you wish a few suggestions concerning the terrible part that wealth and its amasses play in the political economical and social life of our country you will find them easily obtainable. And if you care for only a good play so admirably played that it will give you an evening of thorough enjoyment you will not be disappointed.

In "The Lion and the Mouse," Charles Klein, the author has constructed a play of exceptional strength and unusual interest. He has taken a subject which cannot but keenly appeal to every American citizen—the acquiring of wealth and its accumulation in the hands of a few men. This, Mr. Klein uses as a background for a love story which wins and holds the onlooker's sympathy and he has driven home without any preaching or moralizing the fact of the menace that lies in the misuse of capital and the fearful effects it has upon those who oppose its misuse.

In the plot for a story Mr. Klein has taken a judge who after long and faithful service on the bench has been impoverished his honesty questioned and his position placed in jeopardy, through his having handed a decision which was unfavorable to the great amalgamated interests of John Burkett Ryder and his fellows. His uprightness which had been a thorn in the side of the capitalists induced them to resort to a scheme which furnishes the plot.

Jack Hoeffer Company

"Secrets of an Opium Den" was presented at the La Crosse theater last night to a well filled house. The play was well received by the audience and was repeatedly applauded. The members of the company seemed to be at their best. There was not a moment during the play when it lost interest. The Hoeffer company seem to be well balanced and capable and should be greeted each night with a full house. Next will be presented the great Russian play "Secrets of the Russian Police" with an entire change in the vaudeville acts. Prices 10, 20 and 30 cents.

## POLITICS AND POLITICIANS

Senator Carmack of Tennessee has accepted an invitation to take the stump in North Carolina in behalf of the democratic candidates of that state.

In drafting its platform the New Hampshire republican convention recognized Winston Churchill's value as an author if not as a candidate.

Congressman Robertson of Louisiana, who has been defeated for re-nomination, was one of the bitterest opponents of Cuban reciprocity.

Since Senator John W. Daniel of Virginia criticised Bryan's government ownership theory there has been talk in the Old Dominion of bringing out a candidate to oppose Senator Daniel's renomination on a government ownership platform. From all accounts the talk of opposition is not worrying Senator Daniel very much.

Politicians are watching with intense interest the developments in Kentucky, where the democrats are split as they never have been before in one of the bitterest factional fights that ever has taken place in the Old

Bourbon state. Out of the mix up the republicans expect to get not less than two new congressmen and perhaps a member in the senate as successor to James B. McCreary.

One of the hottest contests in the congressional campaign is that now on in the first Indiana district, where the democrats have nominated Major G. V. Menzies, to try for the scalp of Representative John W. Foster.

Congressman Lucius N. Littauer has declined to accept the renomination from the republican party in the new thirty-third congressional district of New York.

Senator Tillman of South Carolina will probably take the stump in West Virginia to help out the democratic candidates in that state before the campaign closes.

MONTROSE, Va., Sept. 27.—The confederate veterans of the northern neck gathered here today in annual reunion. The attendance was large and the program of speech-making and entertainment an excellent one.

## M'CLURE AND WEAVER ARE PALS

PHILADELPHIA, Pa., Sept. 27.—That Mayor Weaver's charges of corruption at the city party convention are true, and that they will be shortly proved was the statement made by Col. Alexander K. McClure, publisher, this afternoon after a conference with the mayor. Col. McClure said as he left the mayor's office.

"I have no doubt whatever that there was corruption in that city party convention, and that Frederick K. Shoyer was the rightful nominee for district attorney. The corruption at the convention was worse than at any time under the old organization. The new machine is certainly worse than the old."

Now that many of the mayor's friends and advisers have forsaken him, it seems likely that Col. McClure is to be the mayor's confidential man and the power behind the throne.

During today's investigation by a committee from the city party convention, William D. Sheehan a delegate from the Tenth ward, said he had been bought for Giboney by the promise of money and a position for his brother.

## TWO MUTUAL MANAGERS DISMISSED

NEW YORK, Sept. 27.—The Mutual Life Insurance Company dismissed two more of its managers. George T. Dexter, second vice president and superintendent of domestic agencies, made public the statement over his signature: "The committee on insurance and agencies today ordered the cancellation of contracts with Manager Frederick O. Paige of Detroit, Mich., and Herbert N. Fell, branch manager, 398 Broadway, New York City. The company has no good reason to question the loyalty and support of any manager or agent in its employ."

No reason for the committee's action was stated officially. Under the company's contract with its managers relations may be severed by either party thereto by giving thirty days' notice, and it is not necessary that any cause shall be assigned.

Mr. Fell is a brother of T. Reid Fell, who previously was dismissed after permitting his name to stand on both the tickets named in opposition to the administration ticket. Both T. Reid Fell and Herbert N. Fell had refused to sign a resolution signed by all other metropolitan managers pledging fealty to the administration side.

## SUIT FOR DIVORCE ENDS ANOTHER ROMANCE

will be entered today.

The romance had its inception in the elopement of the senator's nephew and Miss Dickerson Aug. 12, 1902. Miss Dickerson was the adopted daughter of Horace W. Beck, a dancing teacher. She and Sawyer became acquainted when he joined one of Mr. Beck's classes.

Mr. Beck objected to his foster daughter's marriage to Sawyer and the two eloped to Appleton, Wis., where they were married.

Suit for Accounting Recalled

Mrs. Sawyer was never forgiven by her foster father, and when she returned a bride his door was closed against her. The couple arranged a pretty residence at 5832 Prairie avenue.

Shortly after her return home Mrs. Sawyer learned that she was jointly the owner with her foster father of certain pieces of real estate, the income from which she charged he was enjoying without making an accounting. She filed suit last year, demanding that the court award her \$1,860. Mr. Beck replied that he had expended in improvements the sum sufficient to offset all but \$382 of the claim and after the case had been argued a judgment for that amount was entered up in favor of Mrs. Sawyer.

Miss Munroe met Mr. Smith while she was playing with the Red Feather company in San Francisco, and he followed her across the continent to induce her to marry him. She resigned from the company last May and since then has been with her mother at the Hotel Lankershim.

## S.S.S. — WRITE — OUR PHYSICIANS

While we have the utmost confidence in the curative powers of S. S. S. in all blood troubles, yet we realize that in some cases causes unknown to the patient often hinder the best effects of the medicine. For this reason we have maintained for many years a branch to our business known as "Our Consultation Department." This department is composed of regularly graduated and licensed physicians who have made blood and skin diseases their special study, and who are employed solely to advise and help, without charge, those who use S. S. S. Thousands of people have been cured of blood and skin diseases of every kind by the use of S. S. S., and many of those who, perhaps, at first did not find the results entirely satisfactory, wrote our physicians a full statement of their case, and a little advice hastened the cure. We have nothing to sell you, and the only reason for wanting you to write to us is that we may use every effort to see that you get the best result from the medicine. You can then help us by advising your friends to use S. S. S., which you will know from experience is all we claim for it. You can write with the assurance that all correspondence is held in strictest confidence, and that our physicians will give you helpful advice without charge.

## TAFT COMING TO HELP FAY-FRIER BABCOCK

MADISON, Wis., Sept. 27.—Secretary of War William H. Taft will open the republican state and congressional campaign in Wisconsin by a speech either in Milwaukee or Madison on the night of Oct. 5.

This information came out of the meeting of state candidates in the basement of the capitol. Secretary Taft is speaking under the management of the republican national congressional committee, and his visit to Wisconsin is made in the interests of the congressional ticket. Henry N. Casson for the congressional committee wrote to Governor Davidson asking if a speech by Mr. Taft in Madison on Oct. 5 could be arranged without conflicting with the state campaign.

To Assist Babcock?  
A reason which is assigned by some for Mr. Taft's visit to Wisconsin is that he may help Congressman J. W. Babcock out of a bad hole, and that

## WONDERFUL GENIUS OF BLIND MUSICIAN

## W. G. GOETZINGER'S PHENOMINAL TALENT

The wonderful development of instinct to serve in place of a lost sense was never more positively demonstrated than it is in the case of W. G. Goetzinger, a blind pianist whose rare genius and perfect technique are attracting marked attention in La Crosse at this time.

Mr. Goetzinger is 21 years of age. He was born blind. He is a graduate of the Janesville school for the blind, an institution that has turned out many people whose talent and accomplishments have made them famous. Of course he possessed marked musical talents to begin with, or there could not have been secured by cultivation the degree of proficiency he now displays. However, it is rare indeed for even the most talented to combine instinct and training so successfully to the end that execution becomes as perfect as that of any musician in full possession of his five senses.

Mr. Goetzinger's home is now in this city. He was formerly at Milwaukee, where his musical accomplishments not the least of which is his splendid performance upon the pipe organ, gained him recognition in the world of music. He has also lived in New York where he followed his profession with success.

Mr. Goetzinger may be seen every afternoon and evening at the Hotel Law, where his concerts are attracting the attention of music lovers. A Tribune representative accidentally made his acquaintance at the fair grounds in the exhibition booth of the Farmers' Piano company in the arts building. He was playing on a Weaver piano with such success that the crowd gathered and almost coagulated about the spot.

## MEINKING'S HERD IS FINE

BANGOR MAN'S POLAND CHINAS SWEEP THE PRIZES

Pioneer Herd is Triumphant at La Crosse Interstate Fair

R. Meinking's "Pioneer Herd" of Poland China swine scored a signal success at the Interstate fair this week. The Bangor breeder showed a most excellent exhibit, all the leading strains being perfectly typified in his pens. Not only was he successful in the scoring for prizes, but an acute demand for his stock developed and he disposed of a large number of hogs, sows and pigs to eager farmers who intend in the future to breed better swine than they have heretofore been able to raise. Among the prize winners Mr. Meinking displayed this year were the following:

Ideal Sunshine II (boar), registered No. 91107, first special prize offered by the International Stock Food company for the best boar of any breed or age, all breeds competing.

Ideal Sunshine II (boar), registered 91107, first premium in age class, and prize in age class.

When you buy **PILLSBURY'S** Best Breakfast Food VITOS 15<sup>c</sup> goes as far as \$1.20 does in purchasing the ordinary ready-cooked kind.

**HERE IS THE REASON.**

A 2 pound package of Pillsbury's Best Cereal Food—Vitos costs 15 cents and makes 12 lbs. of the "White heart of the Wheat" food. Twelve 10 cent packages of the ordinary ready-to-eat kind cost \$1.20, and make only about 11 lbs. of food. So you see where the great economy lies! Vitos requires less cream than dry kinds. It never gets lumpy in cooking.

third prize. Sweepstake diploma for the best herd of Poland China swine.

The triumph of the Pioneer Herd was expected. It has been scientifically bred, and its owner is enjoying the fruits of intelligent application to the business of making good animals better. His herd is representative of the most fashionable and celebrated families of Poland Chinas the world has produced.

Mr. Meinking is in the market with his herd. He proposes to sell fashionable stock for breeding purposes at reasonable prices. While he is not in the business for his health, he takes pride in doing his part toward educating the farmers of Wisconsin to

an understanding of the desirability of raising the best hogs, and he feels that every animal he sells for breeding purposes makes the state richer by aiding the production of scientifically bred hogs. People desiring to buy may call on him in the fair grounds or write him or call upon him at his home near Bangor. Address Bangor, rural route No. 1.

Note.—One hundred dollars was divided for special prizes.

## GIVING LA FOLLETTE THE THIRD DEGREE

If the stalwart papers that are for Governor Davidson because La Follette is not may be believed, the initiation of the junior senator into the Down and Out club has been completed. His failure to defeat Davidson for the nomination and to secure the nomination of Lenroot was, they say, his application. His failure to receive an endorsement as to his senatorial work was his application for membership and his failure to elect Dick over Connor to the state committee chairmanship was the third degree. Now, they say, he is a full fledged member.

We do not think so. From Maine to California the independent press recognizes his power. From Atlantic to Pacific the people appreciate the work he is doing. Governor Davidson's triumph has created a breach of personal friendship between him and his former chief, but that breach does not disrupt or even strain the bond that holds them together in the battle for good government. We believe that La Follette will give support to Davidson, and that Davidson will eventually prove that distrust of his "backbone" which was the cause of La Follette's opposition, is unwarranted and that there are not enough stalwart corporationists in Wisconsin to swerve him from the course he has so intelligently mapped out. Connor, we believe, will be stamped the corporationist we believe he really is before the conclusion of one session of the legislature. He cannot steer for legislation that will be "satisfactory to the railroads" without showing his hand. And when the stalwart hope of using personal prejudice against La Follette to corrupt Davidson has been disappointed, and when Connor is safely landed across the fence where he belongs, remember that those who now regard La Follette as dead and buried politically must realize the fulfillment of this prophecy: "These bones shall rise again." You can't kill a healthy and vigorous man by amputating his little finger.

Politically the republican party of this state has not been the loser by the re-election of Connor to his present office. He is an efficient political manager, and no stronger chairman could have been chosen. It makes little difference this year, for Davidson's election would be by an overwhelming majority, were there no chairman and no committee. His triumph is won. His opportunity is before him. With a strong platform on which to work, Governor Davidson has a chance to make a record that will bring confusion on his detractors of the past and illumine his future with the great, white light of achievement.

And while he is proving that he is not a "limb of Connor," and that he has the individuality and statesmanship to "make good" without let or hindrance from his wily political ally who hopes to be hoisted into the senate by the governor's popularity, it will be wise for the exuberant corporationists of this state to awake from the dream that they are recipients of special invitations to be present at the political obsequies of Robert Marion La Follette.

Why not have just one alderman—and get the right sort of man—and then "we" could have most anything "we" want.

On the theory of reducing election expenses, why wouldn't it be a good plan to abolish all elections; just let "us" run this town as "we" have been trying to do for years?

"It is harder to corrupt a commission of three men than one man," said Governor Davidson in a precampaign speech in La Crosse. So would it be harder to corrupt twenty-one aldermen, etc.

Getting little attention for news scoops itself, the Morning Laughing Stock begrudges the Chicago Tribune credit for capturing Stensland—which credit, by the way, it justly deserves.

## NOTABLE BIRTHDAYS.

Alfred T. Mahan.

Captain Alfred T. Mahan, the noted authority on naval matters, was born in West Point, N. Y., Sept. 27, 1840. After serving in the United States navy for forty years he retired in 1896 to devote himself to literary work. During the civil war Captain Mahan was in the south Atlantic and western gulf squadrons and did good service. In 1883 he went to the Pacific ocean in command of the Wachusett. In 1885 he was made president of the naval war college and held that position until 1889, and again from 1892 to 1893. It was in this position that he developed the study of naval strategy, in which he became exceptionally proficient, so much so that his writings became famous over all the world. Captain Mahan was a delegate to The Hague peace conference. In recent years he has had honorary degrees showered upon him by English, Canadian and American universities.

## SUES FIANCE FOR WEDDING GIFT

SOUTH BEND, Ind., Sept. 27.—Alleging her husband, George H. Mayr, deserted her and is retaining much of her personal property, Mrs. Helen C. Mayr, formerly of Cincinnati, filed suit today against the entire Mayr family, one of the best known in this city, asking for a receiver pending the outcome of the litigation. Mrs. Mayr alleges part of the property is in the window of the Frank Mayr & Son's jewelry store in the shape of a chest of silver which is being offered for sale. She says it was presented to her among her wedding presents while she was in Cincinnati, and was afterward transferred to the Mayr residence here following the wedding. The actual value is claimed to be \$2,500. Mrs. Mayr is the daughter of Mr. and Mrs. Joseph B. Kelley of Cincinnati. The wedding took place June 5 last in Cincinnati. According to the complaint the separation took place July 15.

## Dooley on the Power of the Press

"No, sir, as Hogan says, I care not who makes th' laws or th' money iv a country so long as I run th' presses. Father Kelly was talkin' about it th' other day. 'There ain't annything like it an' there niver was,' says he. 'All th' priests in this diocese together preach to about a hundred thousand people wancet a week an', he says, 'all th' papers preach to three million wancet a day, aye' twinty times a day,' he says. 'We give ye hell on Sundays an' they give ye hell all th' time,' he says. 'Tis a wonderful thing,' he says. 'I see a bar'l iv printer's ink goin' into a newspaper office an' it looks common enough. A bar'l iv printer's ink, a bar'l iv linseed oil an' lampblack, with a smell to it that's half stink an' half perfume. But I tell ye if all th' dinnymite, lyddite, cordite, an' gun cotton in th' wurld wuz hid behind thim hoops there wouldn't be as much disturbance in that bar'l as there is in th' messy stuff that looks like so much tar,' he says. 'Printer's ink! A drop iv it on wan little wurld in type,' he says, 'will blacken th' fairest name in Christendom or,' he says, 'make a star to shine on th' lowliest brow,' he says. 'It will find its way into millions iv homes an' hearts an' memories, it will go through iron dures an' stone walls an' will carry some message that may turn th' current iv every life it meets, fr'm th' emperor iv Chiny to th' baby in th' cradle in Hannigan's flat,' he says. 'It may undo a thousand prayers or start a million. It can't be escaped. It could dhrag me out iv me parish house tomorrow an' make me as well known in Pekin as I am in Halsted street, an' not as fav'rably. Today the pope may give no more thought thin he gives Kelly th' Rowlin' Man. Tomorrow

he may be readin' about how great or bad I am in th' oppylo Romano. It's got Death beat a mile in levelin' ranks.'

"Yes, sir," says he, 'th' hand that rocks th' fountain pens is th' hand that rules th' wurld. Th' press is fr th' whole univarse what Mulligan was fr his beat. He was th' best polishman an' th' worst I iver knew. He was a terror to evildoers whin he was sober an' a terror to iverybody whin he was dhruunk. Martin, I dhrink to th' la-ads all over th' wurld who use th' printer's ink. May they not put too much iv th' r-red stuff in it an' may it niver go to their heads.'

It is not presumed for an instant that Connor brains will have anything to do with the next administration. No siree!

It was to be noted that The Tribune failed to print the "Morse school" story following threats of prosecution. Most any other paper in La Crosse would have printed it.

## GIRL BOUND BY ROBBER PHONES FOR HELP

JEFFERSON, Wis., Sept. 27.—Miss Emily Kispert, the night telephone operator, was severely beaten and then bound and gagged by a burglar last night. He then robbed the cash drawer, taking \$3.75. The man gained entrance by climbing up a pipe outside. Miss Kispert heard him moving in the adjoining room and went to investigate. As she entered she was struck senseless. When she regained consciousness two hours later she was bound hand and foot and gagged. After much exertion Miss Kispert dislodged the gag and worked her way to the switchboard and called up the manager. When the manager and the city marshal arrived Miss Kispert was unable to open the door and they had to climb the pipe used by the burglar.

## Policeman Kills Woman; Jealousy.

CONCORD, N. H., Sept. 27.—Miss Julia Chadwick of Penacook village, a telephone operator in the Concord exchange, was shot and killed in a trolley car in Penacook by Policeman Whitney D. Barrett of that place. Barrett then shot himself, probably fatally. Knowing Barrett was pursuing her with a loaded revolver, the terrified girl fled for a trolley car, intending to escape to this city.

Jealousy is reported to have caused the deed. Barrett made a previous attempt to shoot Miss Chadwick, firing one shot at the girl as she was passing along the street. Barrett is in a serious condition.

## RESTRICTS MAKING OF NEW CITIZENS

(Tribune Special Service.)

WASHINGTON, D. C., Sept. 27.—Fewer naturalized citizens will vote at the coming elections than at any time in many years. This is one effect of the new naturalization law, passed at the recent sessions of congress, and which goes into operation today. Under the new law the indiscriminate conferring of citizenship just prior to an election is no longer possible and the standards are higher. From the time an alien desiring citizenship enters the United States until he receives his final papers he practically will be under the supervision of the federal government. Should he fail to possess the qualifications specified by law he must remain a foreigner and be denied any privileges of citizenship. He must be able to speak English and be of good moral character.

The new law is more discriminating in its selection of courts designated to naturalize. Inferior courts are no longer permitted to perform the function of conferring citizenship upon aliens. The only courts having jurisdiction in citizenship matters will be the federal, circuit and district courts and only those state courts that have a seal, a clerk and jurisdiction at law or equity. All the courts having jurisdiction have received specific instruction as to the procedure and the necessary blanks. The papers are to be uniform throughout the United States and the certificates of citizenship issued will not only be uniform but will be numbered consecutively and a record kept of them in Washington.

The provision of the new act as to qualifications for naturalization are not materially different from those existing heretofore, except that the applicant must be able to speak the English language. The duration of residence is the same as that provided by the old law. Under the new act the witnesses must all be American citizens.

One of the striking provisions of the new law is the requirement that all petitions for naturalization shall be filed at least ninety days before a hearing. Under the old system the applicant could be heard the same day he filed his petition. The delay will give administrative officers an opportunity to investigate those cases where there may be some doubt as to the moral qualifications of the applicant. The new law provides also that naturalization shall not be granted within thirty days of any general election. The new law deprives clerks of courts of the power to grant certificates.

Certificates must be given by a judge after a hearing in open court and the government has a right to oppose if it chooses. If it notifies the court that it is opposed to the granting of a certificate the court is forbidden to issue that certificate until after thirty days, thus giving the government thirty days' time in which to institute proceedings against naturalization. The law also provides that the applicant must be of good moral character and the proper authorities are required to make investigation on this point before the certificate is issued.

Applicants for citizenship will find that, in addition to the so-called "anarchist clause" to which they are required to subscribe, they must swear that they are not polygamists or believers in polygamy. Another interesting provision is that if any applicant does not take out his second papers within seven years after he has taken out his first papers, he must begin again. The price of the final certificates goes up from \$2 in some courts and \$2.50 in others, to \$4 apiece, a fact that is calculated to discourage politicians from putting up the money for the papers in order that they may get the votes of the citizens they help to make.

Heavy penalties are provided for those who practice fraud in getting certificates for themselves or for others. Forgery of a certificate is made a felony and is punishable by imprisonment for not more than ten years or by a fine of not more than \$10,000, or both. Similar punishment is provided for engraving a plate from which certificates may be made. Clerks who issue certificates to persons not entitled to them are subject to imprisonment for not more than five years or a fine not exceeding \$5,000. Imprisonment for five years and a fine not exceeding \$1,000 is provided for the punishment of persons having in their possession without lawful excuse any blank certificate of citizenship. Failure by a clerk to account for every certificate furnished him makes him subject to a fine of \$50 for each certificate for which he fails to make proper account.

There appears to be a misunderstanding as to what is required of state courts under the new law. Such courts are not required to naturalize aliens. It is left discretionary with the presiding judges and it is understood that the government will be perfectly satisfied if state courts in certain sections refuse to take up the work of naturalization. This will permit more efficient administration.

The Unique theater expects to put on vaudeville and light drama in connection with their moving pictures beginning Monday.

NEW YORK, Sept. 27.—"The lid" is riveted tight over Wall street and the surrounding financial district. Inspector of Police Charles Formosa and several of his detectives visited the proprietors of the houses and ordered them to close their places.

## SLAYS WIFE AND FIRES HOME; JEALOUS

MISHAWAKA, Ind., Sept. 27.—A. R. Ludwig this afternoon murdered his wife with a potato masher, threw her body into a closet, poured gasoline over her, and set fire to the house. He then cut his throat and severed the arteries in his wrists and in one leg.

When firemen broke into the house they found Ludwig lying on the floor. He was taken to a hospital and it is not likely he will recover. Upon opening the door leading to a small closet lay the nude body of Mrs. Ludwig, her flesh burned to a crisp.

### Crime Due to Jealousy.

Ludwig was of a jealous disposition and has been suspicious of his wife. A week ago he visited the newspaper offices and desired an article written announcing that his wife was untrue to him. He said the report was substantiated by neighbors. Ludwig seemed in a frenzy at the time.

It appears that Ludwig's act was premeditated, as gasoline had been delivered at the residence this morning and more purchased this afternoon. Ludwig, it is said, had made threats to the neighbors against his wife. Both were prominent in fraternal circles in this city. Mrs. Ludwig, who was 35 years old, is survived by two children by a former husband.

## WANT ROOSEVELT TO PROBE SUGAR TRUST

PHILADELPHIA, Pa., Sept. 27.—President Roosevelt is in possession of evidence furnished by Receiver Earle of the wrecked Real Estate Trust Company which is expected to result in proceedings by the Department of Justice against the so-called Sugar Trust. One of the assets of the trust company is the Pennsylvania sugar refinery in this city built by Adolph Segal, the promoter whose borrowings from Frank K. Hipple the suicide president of the bank, were responsible for the collapse of the institution.

The refinery was to have been operated as an independent industry and the plant was one of the finest in the country.

The sugar combine is alleged to have secured control of the stock of the refinery soon after it was finished. Segal, it is said, borrowed \$1,250,000 from persons he supposed at the time to represent an insurance company. Hipple who was trustee of the refinery stock, issued to the leaders as security for their loan trustee's certificates for 26,000 shares.

Segal recently told Receiver Earle

that he afterward learned that the men from whom he borrowed the money were acting for the sugar combine, and when his refinery was ready for operation they refused to permit it to be opened. It is alleged that the combine secured a controlling interest in the refinery in order to keep it idle, and Receiver Earle hopes to be able to show conspiracy in this connection.

Recently Receiver Earle communicated with the Department of Justice, and in response Chief Wilkie of the secret service department came to this city and held a conference with Mr. Earle.

Segal takes the position that he was ruined by the machinations of the sugar combine.

## REVIVES AMONG THE LIST OF DEAD

ST. PAUL, Minn., Sept. 27.—When David Green of Chicago, who was in the wreck on the Minneapolis and St. Louis road at New Prague, Minn., recovered consciousness, he found himself laid out with the dead beside the track with a cloth over his face and a letter found in his pocket addressed to him lying on his breast. Green said today:

"I never knew of the wreck till I woke up among the dead. I was asleep in the parlor car when the crash came and was hurled against a partition and knocked senseless. The rescuers thought me dead, for they laid me out and marked me for identification."

"I helped get the people out of the wrecked smoker after I recovered consciousness. It took more than an hour to break away the wreckage. Then we had to raise the floor of the baggage car with jacks. The dead and injured were wedged in between the seats of the smoker. To get them out we had to break the seats."

"Then the ride over a rough country to a hotel in town was horrible for the injured. At the hotel they improvised an operating room in the sample room."

Feet swollen to immense size. "I had kidney trouble so bad that I could not work," says J. J. Cox of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well-man of me." Sold by O. T. Erhart.

John P. Linton lodge No. 109, met last night and perfected arrangements to send a large delegation to the Bangor lodge installation Oct. 5.

## LANPHER FUR COATS

### Wear Furs for Health

Use common sense; the country doctor doesn't wear furs "just for looks," nor even for comfort, because he is constantly sacrificing his own comfort for the good of some suffering mortal. The doctor wears furs for health—health first, comfort next and looks—well, he perhaps ignores looks when he goes out on his winter drives to the sick.

Here is a fur coat for HEALTH FIRST, and it is comfortable; yes, and good looking, too—RACCOON, prime skin, medium dark color with Raccoon collar, just the thing for Northwestern winters, the price is **\$37**

You can indulge yourself in a very rich "coonskin," selecting the darker furs; with Nutria Beaver and Otter collar and facings, all the way up to **\$125.00**. Here is an ideal Nutria, say **\$47**; Fine Beaver, say **\$63** to **\$70**; unplucked Otter **\$68** to **\$90**.

This is only one of over 200 varieties of men's fur coats. We have in stock Men's Fur Coats at **\$16** up to **\$600** each. Every one a good coat; every coat appropriate for some uses; well made without a single exception. If it's a LANPHER FUR it is made as well as if we made it for our own use; we cannot make them better.

LANPHER FURS are sold by the leading dealer in every community. Write to us for the book "Judging Furs" and we will also send you the address of our nearest dealer.

MILWAUKEE, Wis., Sept. 27.—Finding a box of headache tablets, which he mistook for candy, 2-year-old Joseph Mulzonn, Jr., ate the contents of the box Tuesday afternoon and died before medical attendance could be summoned. Mrs. Mulzonn had used several of the tablets some time previous to this and the baby was present at the time. The mother went into another room to lie down and was shortly afterward awakened by the distressing screams of the little one. When she came to the boy's assistance she found him writhing with pain with the emptied tablet box lying near him. The ingredients contained in the pills are not known.

## MAHONEY MAY CONTEST BABCOCK'S ELECTION

MADISON, Wis., Sept. 27.—D. O. Mahoney of Viroqua says that he has not yet determined whether or not to ask for a canvass of the primary vote which defeated him by 352 and nominated Mr. Babcock in the Third congressional district.

He said that he had been informed that certain democrats had erased the name of their own party candidate for congress and had written in the name of Mr. Babcock, which vote had been counted for Mr. Babcock as a regular republican vote contrary to the opinion of the attorney general on this subject. He said that the law gave him sixty days in which to make a request for a canvass and that he would very shortly take the question up.

## DIES ON EVE OF GETTING FORTUNE

MILWAUKEE, Wis., Sept. 27.—After long years of hardship, ill health and comparative poverty, and just as fortune had begun to smile, Earl Chapin, an inmate of the Soldiers' home and a beneficiary to the

extent of \$50,000 under the will of the late Russell Sage, died of cancer of the stomach in the home hospital Monday morning. None of his family was at the bedside when Mr. Chapin died. Mr. Chapin's will in which his wife and children were remembered was filed for probate yesterday afternoon.

## Made a Will on Sunday

Mr. Chapin's will was drawn on Sunday, the day before he died. He had often said God had told him that he ought not to make a will, but when he realized that his end was near he concluded that it would be better to dispose of his property himself rather than leave it to the law. So he drew the instrument which was filed yesterday, giving the estate he actually possessed to a daughter, Edna, and to the rest of his family his prospective share of the Sage millions.

## FREAR RESIGNS AS STATE SENATOR

MADISON, Wis., Sept. 27.—Senator James A. Frear of Hudson, yesterday tendered to Governor Davidson his written resignation as senator from the Tenth district, to take effect immediately. This district is composed of St. Croix and Pierce counties. Governor Davidson will take such action in the matter as will bring about a special election to fill the vacancy, the special election to be held on the same day as the general election, and the nominees for the vacancy to be selected by caucuses and conventions.

Senator Frear resigns because of his candidacy on the republican ticket for secretary of state. The only candidate who has been mentioned thus far for the vacancy is Walter Owen, an attorney of Pierce county. He lives at Maiden Rock and is an administration republican. The district is strongly republican. Senator Frear's majority two years ago over Frank M. White, the democratic candidate, was 2,557 on a total vote of less than 10,000.

not. He is at Ellsworth, Pierce county, today. He will try to come to La Crosse. The engagement with Ellsworth was made on a partial promise of Secretary Munson some time ago and had to be kept.

"I don't know whether I am billed for an address here or not today. I am going out to attend the fair and see the races anyway."

### The Races

Red King lowered the Interstate fair track record half a second yesterday in the final heat of the 2:10 pace in a driving finish after a most sensational contest. The time for the best heat was 2:12 3/4, one-half second better than the time made by Afrite, a few years ago.

The record-breaking was done in the third heat after Red King had won the previous two in hard drives with Milo a close contender for second money. At the start of the third heat Milo took the lead, retaining it for the first half mile. Baby Kid, heretofore a rank third, came up and took the lead at the half mile in a pretty sprint. Meanwhile Red King was closely fighting with Milo and also Baby Kid.

### Wins by Spurt

At the five-eighths Baby Kid and Red King were going neck and neck. Down the back stretch they sped and passed the three-quarters with Baby Kid ahead with a fair lead. In the stretch Carson showed his wonderful driving qualities and the sprint possessed by Red King.

In a drive never before equaled on the Interstate track he finished a neck ahead of Baby Kid. Both drivers were plying the whip when they crossed the wire. The stands arose almost as one at the marvelous exhibition. When it was announced that the track record had been broken and was now held by Red King another storm of applause broke forth.

The mile was made in the following time by quarters: 33, 1:05 3/4, 1:39 3/4, 2:12 3/4.

### Track Is Heavy

Shelmeg and Clifford had a battle royal in the 2:28 trot, the first event on the program. Shelmeg won in straight heats, usually retaining the lead, sport being furnished in the efforts of Clifford to pass the chestnut mare. Birch Wilton finished third.

The track was heavy yesterday due to the heavy rain the night before. This undoubtedly prevented a faster record being made for the track with the time under 2:10. In front of the grand stand the heavy going was seen while the same conditions were found around the entire track. The horses were unable to keep close to the pole.

Neko won the running race of five-eighths of a mile in sensational fashion which served to amuse the audience. The horse took the lead at the start and was never headed.

### Baraboo Opens Fair

BARABOO, Wis., Sept. 27.—Fine weather gave the Sauk county fair a good start yesterday, the attendance being about 2,000. A record-breaking attendance is looked for today. Baraboo defeated Lodi at ball by a score of 10 to 5. Race results:

2:17 class pace, won by Lillian Russell (Edward Graeszel, Watertown); Joe Archer (H. F. Mutt, Oxford), second; Glen Eden (Edward Fess, Madison), third. Best time—2:17 1/2.

2:30 class trot, won by Ahead (W. H. Loggy, Madison); Gertie B. (B. J. Harris, Chicago), second; Wheatland Maid, (G. M. Willard, Reedsburg), third. Best time—2:29 3/4.

There is nothing that helps a town prosper like buying the goods it manufactures.

There are represented herewith some of our most prosperous and best manufacturers of commodities—goods that are of the highest grade.

La Crosse has made wonderful strides of progress in five years. It is chiefly because the "trade at home motto" has imbued the people. Our citizens have scoffed at the highly colored and luring advertisements of the mail order grafters, which kept La Crosse in the ranks of the villages for decades, and have wisely determined to support home manufacturers—the people who support them.
